

Do you have a Santa Cruz County housing unit to lease?

Every day, thousands of individuals and families in Santa Cruz County seek a place to call home. We are searching for property owners/housing providers – like you – who can help our neighbors who have been sheltered during the COVID-19 pandemic and now need a home. The Rehousing Wave will provide financial, as well as other supportive services, to ensure a smooth and mutually beneficial process.

- Housing providers will receive **guaranteed on-time monthly payments** from a nonprofit organization
- **Financial incentives** available for property owners and housing providers
- A **single point of contact** assigned to you to help with any tenant issues
- **Tenant support services** — a case manager will be offered to each tenant to support their long-term success
- **24-hour emergency phone number** for after-hours support
