

SANTA CRUZ COUNTY Housing for Health PARTNERSHIP

Housing for Health Partnership Member - Partner Toolkit

Thank you or your organization for becoming a Housing for Health Partnership Membership. It shows your commitment to the ongoing and collaborative effort to ensure that all residents in Santa Cruz County have a stable, safe and healthy place to live.

Housing for Health Partnership Membership provides:

- Regular email updates about the work of the Partnership
- Invitations to participate, learn, and provide feedback at community meetings
- Chances to express opinions through surveys and voting opportunities
- Opportunities to become a member of a workgroup or committee working on specific issue areas
- Events to network with others working on a shared goal
- Updates on employment and volunteer opportunities related to health and housing
- Ability to contribute resources in partnership with others to magnify positive impacts
- Access to post positions to our Job Opportunities page
- Opportunity to share special events/outreach with other H4HP members
- Share success stories with the community

We encourage you to share that you've joined H4HP Membership. Promote your involvement on:

- Social media (Facebook, Instagram, Twitter/X, LinkedIn)
- Newsletter
- Website

We have crafted blurbs for you to use in any scenario. Please tag Housing for Health Partnership and use the hashtag #HousingHealsHomelessness. Be sure to follow us on social media and tag us in your posts on [Facebook](#) and [Instagram](#).

Dear Friends,

[/organization] am proud to be a [Housing for Health Partnership](#) Member. [/organization] believe that everyone deserves a safe, healthy and stable place to live in Santa Cruz County.

The Housing for Health Partnership represents the federally designated Santa Cruz County Continuum of Care, which is a local coalition of stakeholders working to create, support and coordinate a regional system to support people who are homeless or at imminent risk of homelessness. Responsibilities of the Housing for Health Partnership include developing and coordinating a system of housing and service programs, developing a strategic plan, and implementing processes for applying for funding.
